

THE CANBERRA WHEATBIX CHALLENGE

LITTLE OAK SANCTUARY

Wheat Bix to be collected by (date): _____

Who is Little Oak Sanctuary?

Little Oak is a not-for-profit animal sanctuary, home to more than 150 rescued farmed animals, including cows, sheep, pigs, goats and chickens.

Our Vision

Is to create a compassionate world for all animals.

What is the Canberra Wheatbix Challenge?

At Little Oak we know animals, just like us, love to be treated compassionately, they also love Wheatbix! To take part in the Challenge all you have to do is buy a box of Wheatbix and take it to your Drive co-ordinator by the date above. Your Wheatbix donations will then be brought to Little Oak Sanctuary to feed our rescued residents. It's that simple!

Why take part in the Canberra Wheatbix Challenge?

By donating a box of Wheatbix you will be helping to look after our rescued farmed animal residents and contributing to their happy and healthy lives. We wish all farmed animals could be treated compassionately, and by taking part in the Canberra Wheatbix Challenge, you will have the opportunity to extend your compassion to all animals.

Creating a Compassionate World

We trust that your participation in Little Oak Sanctuary's Canberra Wheatbix Challenge will inspire and empower you to recognise that compassionate actions create a compassionate world, and that each one of us can contribute to this goal.
