

What do Chickens need?

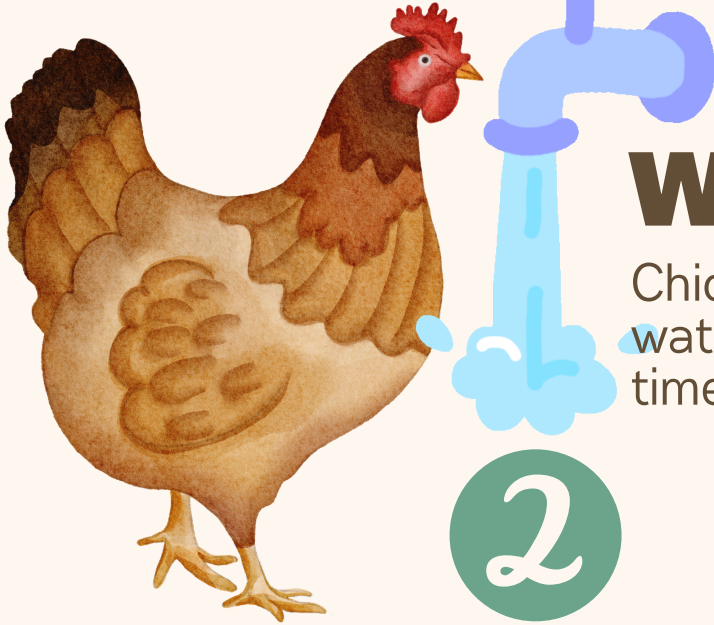

Food

Chickens need fresh food that is designed for chickens. They need to be fed each day to keep them healthy and help them grow big and strong.

Water

Chickens need access to clean water to drink from at all times.

Shelter

Chickens need safe, sturdy shelter to keep them warm and dry. It must be secure and keep them safe from predators.

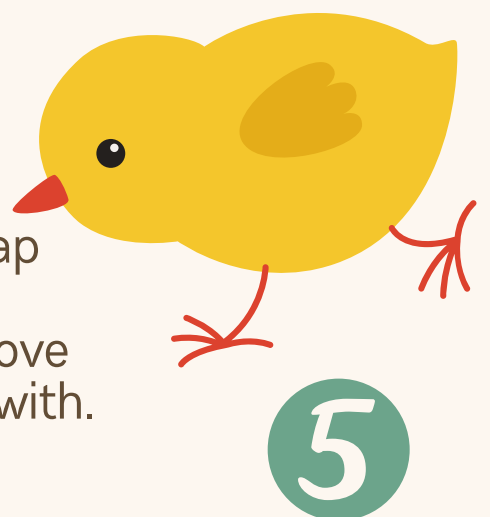

Vet Care

Chickens need regular health care and should be taken to the vet if they are ever unwell.

Room to move

Chickens need room to run around, flap their wings, dust bathe and explore. They also need space to be able to move away from birds they don't get along with.

Family & Friends

Chickens need the ability to spend time with other chickens they are friends with, and to be able to move away from those they don't get along with so well.
